1. It is reported that the Board of Common Interests of the Syrian-Lebanese Customs Union feels that a unified administration of the customs of the two countries is impracticable. There is a strong tendency in favor of a customs union with two completely separate administrations.
2. The Belgian Government has already been requested to send a copy of its customs agreement with Luxembourg to serve as a model for a new customs union between Syria and Lebanon.
3. It is stated that a definite decision in this matter will be reached before 30 June 1947.
